Dear Parents / Annwyl Rieni

I hope this week's newsletter finds you well. With the warmer weather finally here it has been nice seeing pupils from across the school taking part in a range of outdoor activities this week. The children have been making use of the newly renovated areas that have been worked on during the last two weekends by the Friends of the School, along with the volunteers who were able to come along and help including Eden Restore Gardening Company who kindly gave their time free of charge.

I was very impressed with Lucy, Cara, Ceri and Mabli in Year 6 who came to see me this week to each perform the Welsh recitations they had been learning outside of school. There was a lot to learn and both their pronunciation and expression were very good with Ceri going through to represent Pen-y-Bryn at the cluster Eisteddfod next week at Eirias High. Finally, just a reminder that the calendar on the school website which you can access [here](#) is a useful tool to keep track of upcoming school events. You can also click subscribe to add it to your own calendar application.

I hope you have a nice weekend.

Yours sincerely / Yn gywir,
Mr Richard Monteiro
Headteacher

Classroom Call - 6NW

6NW have had an incredibly busy week this week. As well as finishing off their Anderson Shelters to conclude our topic on World War 2, they have also been looking into the science behind electricity with a particular focus on how circuits work. They experimented with different components adding more or less of them to their circuit, predicting what they thought would happen and then testing their theory out. They

then learnt the difference between series and parallel circuits and how these two circuits work.

On Thursday, MP Gill German came to visit year 6. The children had previously completed work during parliament week in November on how our government works, the importance of debating topics that are relevant to them and how a system of voting works. Gill spoke to the children about her job role and answered some very comprehensive questions from the year 6 pupils about her future plans for our area.

Attendance for last week

Attendance (1 day = 20% ½ day = 10%)

	100%	90%	80%	70% or less
